

# ZEMTSOV MASTERCLASS 2021

## TEACHING AND LEARNING IN A WARM ATMOSPHERE

On a yearly basis, the renowned Zemtsov family organizes their unique masterclass for viola students from all over the world. This year, the masterclass will take place **from the 3rd until the 8th of August** in the gorgeous Bovendonk Conference Center in Hoeven, Netherlands.

Our honorary guest teachers will be the highly acclaimed **Michael Kugel**, one of the world's greatest viola virtuosos, and **Loudmila Kugel**.

In addition, **Nadía David** will provide Feldenkrais lessons.

Furthermore, participants will receive lessons in person from all teachers and are encouraged to assist in each other's lessons for further inspiration and learning.

Finally, there will be several opportunities for students to give concerts, accompanied by top pianists.
